

Welcome

We are building a resource here with information relevant for the **Commodore 64 Ultimate (C64U)**. A new version of the iconic home computer of the 1980's.

As the C64U is nearly identical to a classic C64 the focus here is where it differs. For general C64 information, where possible we will point to relevant resources so C64U users, who may be new to the Commodore 64 World, can find them.

There is a list available of potential content waiting for processing. Please register on this wiki and join those who are active here. Do not be afraid to mess things up. It is a wiki and that means every edit can be undone very easily. - [Contact](#) or [Suggestions wall](#)
